

Chaikam Reshmitha Reddy

Junior Software Engineer

Hyderabad, India • reshmithareddychaikam@gmail.com • github.com/Reshmitha06

SUMMARY

Junior Software Engineer at Cognizant with a B.Tech in CSE (IoT). Skilled in full-stack development with React/Next.js, generative AI integration, EDA tooling, and 3D/VR development. Passionate about building AI-powered web applications and open-source tools.

EDUCATION

B.Tech in Computer Science & Engineering (IoT)

HITAM — Hyderabad Institute of Technology and Management | CGPA: 8.33

EXPERIENCE

Junior Software Engineer

2025 – Present

Cognizant, Hyderabad

Contributing to software development and engineering solutions as a full-time engineer.

Web Development Intern

2024

QTech Solutions

Designed and deployed company website using WordPress, HTML, CSS, JavaScript. Optimized for performance and SEO.

Junior Technical Engineer Intern

2024

Digi Quanta

Assisted in IoT device development, debugging, and performance optimization.

Full Stack Development Intern

2023

Swecha Organization

Built full-stack web apps using React, Node.js, Express.js, and MySQL.

PROJECTS

Pixcy — Next.js, TypeScript, Gemini AI, Image/Voice Search

AI-powered fashion discovery platform with text, image & voice search across Myntra, Ajio, Amazon, Flipkart — price comparison and AI styling.

VR Campus Tour — Next.js, React Three Fiber, Three.js, WebXR

Interactive 3D virtual walkthrough of HITAM campus with orbit controls, building info panels, and dynamic lighting.

WaveScope — Next.js, TypeScript, Python, Canvas API, Gemini AI

Browser-based VCD waveform viewer with zoom/pan/cursor, AI signal analysis, and timing violation detection.

wavescope-iota.vercel.app

LogicForge — Next.js, TypeScript, Gemini AI, SVG, Verilog

EDA logic simulator — boolean algebra, truth tables, K-maps, gate diagrams, and Verilog code generation.

logicforge-khaki.vercel.app

SnapShrink — Next.js, TypeScript, Canvas API

Client-side batch image compressor & format converter with drag-and-drop and real-time stats.

snapshrink-three.vercel.app

SKILLS

Frontend	AI / ML & Backend	EDA & Tools
React, Next.js, TypeScript, HTML/CSS	Generative AI, LLMs, RAG Pipelines, Python	Verilog/HDL, VCD Analysis, Canvas API, Git, Vercel

ACHIEVEMENTS & LEADERSHIP

- Published in IUCEE Magazine — Research article distributed across engineering institutions all over India
- PR Lead, IUCEE-EWB HITAM — Led Public Relations for 18 months, managed outreach and community engagement
- Volunteer, ForACause NGO — Active contributor for 1 year in social impact and awareness campaigns
